## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment filed 17 May 2004 has been entered and overcomes the objection to the title.

### ***Allowable Subject Matter***

2. Claims 1-21 are allowed.
3. The following is an examiner's statement of reasons for allowance: On page 4 of the response filed 17 May 2004, applicant argues that the elements cited in the applied prior art of Suzuki (US 5668649) do not form electroluminescent elements, but rather form data lines between TFTs. Applicant's argument is persuasive.
4. Thus, regarding independent claim 1, the prior art of record neither shows or suggests a display device comprising, in addition to other limitations of the claim, transparent members having a profile of a frustum of pyramid or cone covering electroluminescent elements and reflection films formed on the surface of the transparent members. Due to their dependency upon independent claim 1, claims 2-10 are also allowable.
5. Regarding independent claim 11, the prior art of record neither shows or suggests a display device comprising, in addition to other limitations of the claim, transparent members covering electroluminescent elements, the transparent members partly having a curved surface showing a positive curvature, a part thereof held in contact with a transparent substrate having a curved surface showing a negative curvature, and reflection films formed on the surface of the

transparent members. Due to their dependency upon independent claim 11, claims 12-21 are also allowable.

6. The subject transparent members with reflection films, as discussed earlier, are provided for protecting the EL elements from ambient air while taking out light emitted by the EL layer to the outside, thereby improving the efficiency of the device. The design is new and unique to the art.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
